NOTICE OF PROPOSED RULE MAKING

Adopted: July 23, 1997

Released: August 1, 1997

Comment Date: September 22, 1997

Reply Date: October 7, 1997

By the Chief, Allocations Branch

1. Before the Commission for consideration is a petition for rule making filed by Iron County Broadcasting Company ("Iron County"), requesting the allotment of Channel 269A to Arcadia, Missouri, as that community's first local broadcast service. Iron County provided an engineering study in support of the proposal and indicated its intention to file an application for Channel 269A at Arcadia.

2. In support of its request, Iron County states that Arcadia is an incorporated community governed by a mayor and Board of Alderman and that local economic development is fostered by the Arcadia Valley Chamber of Commerce, enhanced by numerous recreational facilities in the area. Iron County points out that Arcadia has a population of 609 people according to the 1990 Census, along with its own post office and zip code. Further, Arcadia maintains its own municipal police department and volunteer fire department along with a municipal water plant and sewer system for its residents. Iron County states that Arcadia is part of the Arcadia Valley Public School System which consists of an elementary school, a junior high school and a high school. Iron County contends that allotment of Channel 269A will not only provide a first local service to Arcadia but would provide a second aural service to portions of southern Missouri.

3. A staff engineering analysis indicates that Channel 269A can be allotted to Arcadia consistent with the minimum distance separation requirements of the Commission's Rules

provided there is a site restriction 9.7 kilometers (6.0 miles) southeast of the community.¹ The site restriction will prevent a conflict with Station KLPW, Channel 269A, Union, Missouri. Although the proposal for Channel 269A at Arcadia complies with the Commission's spacing requirements, we note that both the community of Arcadia and the allotment site for Channel 269A are located in the Mark Twain National Forest and the Taum Sauk Mountain State Park. Therefore, Iron County is requested to provide information showing that an actual transmitter site is available that provides city grade coverage to Arcadia.

4. In view of the fact that the proposed allotment would provide a first local FM service to Arcadia, Missouri, the Commission believes it would serve the public interest to solicit comments to amend the FM Table of Allotments. Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

Community	Channel No.	
	Present	Proposed
Arcadia, Missouri	----	269A

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

7. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

¹ The coordinates for Channel 269A at Arcadia are 37-31-13 and 90-33-35.
